Dear Editor and Council Members,

As someone who signed the petition in favor of the Pedestrian Safety Ordinance along with well over 500 others, I ask that you vote in favor of it. I echo the sentiment that many people had at the town hall, there's a lot of discussion around crime and public safety. But it seems every time there's legislation to help with that, like this ordinance and the Alderman's Court, it gets shot down.

Frankly speaking, this is starting to feel more and more like many of our politicians don't care about the safety and liberty of our citizens if it ruffles too many feathers. My entire family has been victims of crimes in Dover and we're not the only ones. That being said, it's not too late to help better protect the interests of our community and strengthen our city.
